Leadership

Founder & Chair, TEDxSonghuaRiver / Co-organizer, TEDxUW

<http://www.tedxsonghuariver.com>

Found, organized, managed the largest TEDx event (more than 2,000 participants) in northern China since 2011. Deal with the website, apps and VI design as well.

Team Leader, VeloCity Program

<http://velocity.uwaterloo.ca>

Student Ambassador, UW Faculty of Engineering

<https://uwaterloo.ca/engineering-student-ambassadors/lucas>

Founder & CEO, Giryou (A Skill-Exchange Platform Startup)

<http://giryou.com>

Giryou discovers your skills and needs then introduces right people to your circle.

Co-Founder, Lani (A 3D-Printing Platform Startup)

<http://lanilabs.com>

Co-founded Lanilabs Inc. in 2013. Beside 3D printing, Lani also provides services to designers and 3D printer owners. I worked on its product design, UX research and development.

Founder, UWCircle (Former UWExam)

<http://uwexam.com>

Provides all UW staff and students useful information such as exam schedules, restaurant promotions through web apps. I worked on the product design, UI/UX and front-end implementation.
